I am writing this letter in support of Priyansh Jaiswal, a student of B. Tech. in Electronics and Communication Engineering of Jabalpur Engineering College. He has done summer research internship under my guidance at Indian Institute of Technology Jodhpur.

He has done project on “Implementation of Machine Learning”. He dedicatedly worked on this project from 1<sup>st</sup> June 2023 to 30<sup>th</sup> August 2023.

In this project he has shown skills in writing machine learning codes with feature cross. All the coding was done in Google Colab using Tensorflow library.

It was pleasure to interact with Priyansh Jaiswal. He has shown motivation, talent and capability for independent work. He has potential to do very significant outstanding work during his studies.

I am delighted to recommend him to the highest terms. Please feel free to contact me if you need any further information.
